AMW/Peterson interview

Hey anyone see Americas Most Wanted tonight???Caught the last part of Peterson interview...they had a jury consultant discussing how a jury would interpret Petersons' demeanor...Now of all the publicity surrounding Peterson I had never seen his interview with AMW before....I was struck by how "begrudgingly" he was giving this interview....His expression was almost angry, and he looked like he was pissed..(And he looks ugly to me too.).We know it took a lot of cajoling on John Walshs' part to even get him on the air....After finally seeing even this brief appearance I see further confirmation of my belief that he murdered Laci. I hope they can show this tape at the trial...it is so telling...I wonder if their site has a tape of that...I'd like to see it again...The interviews later he became more polished., although still same answers.....The jury consuktant said he lookedas though he had pat answers to certain questions and refused to answer the other hard questions he didn't have pat answers for.... She mentioned too how his expression was devoid of emotion...flat, and that he never professed his love for Laci or pleaded for her return...She also said some jurors will look on him favorably cuz he is clean cut.....I dunno about that!

I checked the AMW website...struck out. I would like to see the interview. Walsh was interviewing?

I caught the very end of this and found it frightening. He kept saying "this has been addressed" or something along that line. If looks could kill, the guy interviewing him would have been dead. Not exactly the imagine of a man whos pregnant wife was missing.

And at the end he asked "is this thing off?" He was talking about the microphone. I found that odd.

I get the willies when I watch his past interviews. He's such a cold and calculating guy.

[The above statements are my opinion only.](#)

Yeah, but I hadn't seen this before and it is the most chilling of all....

Nio wonder John Walsh says hes dirty...after watching that I'd have been less worried about the prosecutions case...Hope these interviews are allowed into evidence...

So now here I'm totally confused. I thought he never showed for the Walsh interview. I have never seen Scott interviewed by a man.

You know, during the Jodie Hernandez interview in the house Scott bordered on this same type of personality. He had been told ahead of time what questions would be asked - there was an agenda. Well, after the phone rang and he came back and sat down, he started talkinng to her in a low voice as he hunched forward a bit. And I heard a strength and meaning in his voice as he talked to her, letting her know what he did and did not want to discuss and something like is this interview almost over. She did throw some curves at him though, which is really what got him ticked off!

That's why I want to watch this again...my sister called me to tell me it was on and I only caught the last part...My also confused understanding is that he would not let JW interview him...but did allow a producer to...and I presumed it WAS shown on Americas Most Wanted long time ago...This must have been it...He looked heavier and SURLY, and angry...like he was pissed that he was being forced into the interview...maybe his family pushed him into it...But I just scrolled thru My guide on tv and don't see any re-run listed...Darn it!!! I would love to see it again...I was really struck by how uncooperative and downright ugly he was during the interview.....If he could have slugged the producer he would have...

Oh, I've been in the Jury Room crackin' up so hard I almost pee'd my pants! Forget the Fun, I have just got to see this interview.

And Smells, I have never seen AMW repeated during the week. Sorry sweetie!

BaHaaaaaaaaaaaaaaaaaaaaa  I couldn't help that - no offense. It is just that I am still in a somewhat silly mood after the Jury Room. It is fun to laugh once in awhile from deep inside your gut where you almost lose your breath and have to start running as nature calls!

First reaction - He's hiding something.

Amazing what being incarcerated will do for you! The change was astounding. He seems to have lost a lot of weight - maybe 30 p 40 lbs. And he has lost his self confidence. I don't think that today he could say to the same man, "That is an inappropriate question!"

He's going to look like a malnourished wimp sitting in court - Lip licking, tooth sucking, loser looking like sicko with dark frightening eyes that will look at you and looking back at him you will see nothing inside.

If Laci could see him now. I'm glad she can't.

I just watched the SP interview on AMW. I'm on the west coast. I really don't have too much to say about it other than he sure displayed an attitude and a rather nasty demeanor. Usually he's devoid of expression but in this one he was downright hostile. Interesting, but not really earth shattering. Perhaps someone else picked up something different.

AMW hasn't aired yet where I live. Is Scott's interview in the 2nd half of the show?

Nothing new....JW outlined the story briefly and showed clips of Scott in covered parking garage with a lot of cameras and reporters following and talking to him...we've seen this shot before...AMW went to Berkeley Marina and talked with some fisherman....younger man said no one was or would go fishing on Christmas Eve with the weather in that little boat. Older man said maybe one boat was out in the bay fishing that day. AMW said they went there to find someone who may have seen him but couldn't find anyone that had.

Shows clips of Scott in tan suit with Laci button on lapel. He seems impatient and put out at the questions. Says "that has been addressed just not in this type of forum"...said that at least twice in answer to questions. Called his relationship with Amber Frey "inappropriate"....said something like "of course they look at the husband in cases like this". He was asked point blank if he murdered his wife and he says "no".

Kathy Kellerman (sp?) jury consultant said he acts differently when the camera is not on.....(he looked straight at the camera and said "is that still rolling?") She says he looks clean cut and possibly a juror will like him for that. He will have to be careful in his demeanor during the trial....jury won't like his body language although his clean cut looks will probably help. She said his body language and answers are different when the camera is off. You never hear him say he misses her and wants her back...She said his primary expression was insincere when the cameras were not on him.

He said "Lets cut to the chase" a couple of times and the answer he gives is that those questions have been asked and answered just not in this forum.

He seemed hostile and impatient at times. The clips were only a minute or so long...the reporter? following since day one was Ed Miller? I can transcribe from the tape tomorrow if anyone wants....not much substance to the segment....not for us WS'ers anyway!!

Hi lvnhawaii! It started about 15 minutes or so after the start of the show....gives a lead in then cuts to commercial before the nitty gritty! Couldn't have lasted but 10 minutes or so...

Thank you chicoliving! The interview should start here in about 20 minutes then. I really couldn't stomach Scott's interview with Diane Sawyer, but I have to watch this one just to see Scott's demeanor.
