What, He Was Blocking Your View?

Canoga Park, CA

So, last Monday night, there's this guy. And he's chatting up this stripper, and, you know, mentally counting his twenties, when this other guy steps up and slashes him a nice, new chin grin from ear to ear.

Yeah, so the attacker, Zachary Todd Balonick, had his ID scanned when he showed up, so it didn't take the cops long to grab him. Yeah, they grow 'em smart in the Valley.
